

Murray Veterinary Services

Murray Veterinary Services, providing professional and comprehensive Equine Services to the regions of Serpentine, Mandurah, Pinjarra, Dwellingup, Waroona and Harvey. They also offer set travel days to the southern region.

Operating out of our purpose built equine hospital in Coolup they provide an innovative and up to date equine veterinary and breeding service. Their focus is to provide respectful care to their patients and professional guidance to their clients in an atmosphere that is comfortable for both the horse and their owner.

All of the Veterinarians and staff are highly experienced and passionate about the equine industry and can provide exceptional care in all areas of veterinary medicine and surgery.

Murray Veterinary services was established in 2009 and has grown to become Western Australia's largest equine veterinary hospital and breeding centre. With a team of 35 dedicated equine focused staff they provide all aspects of equine veterinary care from breeding to medicine and surgery. They cater for all equine patients from racehorses and competition horses, through to pleasure horses and pony club mounts.

Based on 300 acres in Coolup, one hour south of Perth, their facilities are custom built from the surgical theatre to the foaling paddocks and stallion yards. Thus ensuring that they have the safest possible and most appropriate facilities for every horse in their care.

Murray Veterinary Services have a highly skilled and dedicated professional team, with ten equine veterinarians and over 30 support staff comprising of Registered Veterinary nurses, stable hands, administration and support staff. You can count on Murray Veterinary Services to meet all your equine veterinary and equine reproduction needs.
