

The sale ring is changing

APGold

Established in 1989, Australian Pacing Gold Pty Ltd (APG) stands at the forefront of the harness racing industry in Australia. Founded with a clear purpose, APG operates as a Not-for-Profit Company committed to fostering, nurturing, and promoting the advancement and growth of the harness racing industry.

At the heart of APG's purpose lies the dual commitment to both breeders and purchasers. Our driving force is the creation of valuable opportunities for breeders to showcase their yearlings and facilitate their sale. Simultaneously, we take pride in offering purchasers the chance to engage with the top-tier future of the racing industry through the acquisition of these yearlings.

As the architects of excellence in harness racing, APG promotes an array of initiatives and events that underline our commitment to the industry's growth. Our meticulous planning and preparation culminate in our annual sales events, held at the close of each summer in various participating Australian states. These events represent a vital opportunity for breeders, purchasers, and enthusiasts, reflecting APG's continued dedication to fostering connections and promoting growth.

APG's involvement extends beyond the sales arena, it also encompasses the promotion of futurity racing carnivals in collaboration with harness race-clubs and state governing bodies. Embodying our Not-for-Profit status, APG operates with a resolute focus on industry growth. Our commitment to the harness racing community is unwavering, as we ensure that any surplus funds are channeled towards future sales and providing ongoing race series in Australia.

In essence, Australian Pacing Gold is more than a yearling sales organization; it's a fixture of the Australian Harness Racing industry. We invite you to join us in our journey, where breeders, purchasers, racing enthusiasts, and industry stakeholders unite to write the next chapter in the world of harness racing.

Our Not for Profit Commitment

Being a Not-for-Profit organization, our focus goes beyond company financial gains. Instead, we invest our energy, resources, and surplus funds into elevating future sales and investing in exceptional race series. Our commitment to the industry's prosperity remains unwavering, as we channel our efforts towards the continued advancement and sustainability of the harness racing industry in Australia.
