"Many thanks to Mohsin for assisting with our car hunting. He carefully listened to our requirements, updated us when a car we liked arrived, and even checked pending stock to find our perfect car. He never tried to push any other car towards us but was always available when we had an enquiry. We also experienced the best customer service at Westside Auto Wholesale compared to all other dealerships we being to. We were finally able to buy a car with peace in mind knowing that they are the best in the business."

WESTSIDE AUTO SERVICE
Experience the auto care difference
"Kaitlyn and the team provided a terrific experience. Service was great. Log book stamped, faulty reverse monitor fixed for no extra cost. Good value and quick turn around. The cherry on the cake was the pristine clean inside and out. Thank you Westside for treating my 2021 Land Cruiser VX like it was brand new. All the best, James."
